In 2011 the A.S. Watson property team invited JWA to tender for fit out works across their Three Mobile, Superdrug and Savers Stores.

Following a comprehensive qualification process we became approved suppliers, and have since worked closely with the A.S. Watson team to roll out strategic new stores and refurbishments across the UK.

Completed stores to date include Leeds Bradford International Airport and East Midlands Airport. In both cases, the airports themselves were undergoing expansion and JWA supported Superdrug in their bidding process to move from their existing landside units to more desirable airside locations.

“A significant roll out for the world’s largest health & beauty retailer.”
